Which part of the whare are you supporting today - taha wairua, taha hinengaro, taha tinana, taha wānau or whenua?'

A wiki of play and Te Whare Tapa Whā

Taha wairua - Get outside in the sun and see what you can make with your shadows. If you have chalk, you can trace your shadows out on the concrete!

Taha hinengaro - Get your kanikani on, put on a waiata and get moving!

Whenua - To finish off the wiki head outside, take your shoes off and run around. Are there any games you could play while outside? Tag? Follow the leader?

Taha tinana - Jog until you find something whereo, Hop until you find something karaka, Skip until you find a porotaka (circle), Jump until you find something kōwhai.
